OFFICE OF OPEN-SOURCE INTELLIGENCE MAPPING — SWARM v3

INTELLIGENCE MEMORANDUM

Subject: THE 1953 TRUST — Cycle 004 Full-Swarm Deploy + Delta

Memorandum No.: STRAND-1953-C004

Cycle: 004 (full swarm: all lanes + subagents + specialists + build layer)

Date of memorandum: 23 September 2026 (3:02am window)

Ingest: Google Drive latest PDFs filtered lawful-only · Master Skill Encyclopedia 53 · vault OSINT 19

Lanes: HOOK/STAMP/SPLIT/WEFT + MemoryVault · GhostIndex · MetadataSquad · PatternRecognition · Anticipation · Compliance · FinalBoss

Ceiling: Public / open-source / open-court ONLY. Educational/defensive. No private targeting. No exploit guidance.

DISCLAIMER. Educational multi-agent OSINT mesh product. Not issued by DOJ or any court. Jailbreak / leaked-key / private-stalking materials found in Drive vault were REJECTED at ingest (GROK FINALIZED PROMPT GENIUS; primary Epstein API Echo). Only lawful skills, playbooks, and public-source facts are used.

I. SWARM DEPLOY STATUS (INGEST + AGENTS)

- **Drive ingest.** 30+ recent PDFs scanned. Lawful keep: Encyclopedia, Search Engines, Dorking, Domain Playbook, Workflow, Agents, Dashboard, Master Skill Encyclopedia (53 skills / 10 domains), Python OSINT automation, advanced-swarm role names, academic SI multi-agent paper. **Rejected:** jailbreak prompt pack; Epstein API Echo (private target + leaked keys + burner mode).
- **Skill load.** D1–D10 Master Encyclopedia (PublicRecordLocator, FoiaAtiRouter, EntityGraphBuilder, AchMatrixBuilder, TimelineConstructor, LawfulAlternativeRouter, ...) + vault skills (search-engines, dorking-dictionary, metadata-extraction, alteration-detection, domain-playbook, archives-ghost-indexes, multi-agent-architecture, permanent-thinking, hivemind-directives).
- **Agent mesh.** Investigation: HOOK(+SurfaceScout/PressWire) · STAMP(+DocketStamp/BatesKeeper/MetadataSquad) · SPLIT(+EntityGraph/GhostIndex/ArchiveWeaver/DorkSmith) · WEFT(+PatternRecognition/ACH/Timeline/DebateChair). Specialists: MemoryVault, SensitiveData (defensive PII/key scan only), Anticipation, Compliance, FinalBoss. Build: coder/reviewer/test_runner/orchestrator.
- **Laws active.** D05 safety envelope · D-LAW-01 no-mirror · D-LAW-02 hivemind-after-move · D-LAW-03 logic map · D-LAW-11 breadcrumb · D-LAW-14 permanent thinking · workflow spine recon→report · 9-step domain playbook.
- **Local path.** strand-swarm-v3/ + strand-local-deepsearch/ (SearXNG/Playwright/Ollama) — zero external credits required.

II. EXECUTIVE DELTA — WHAT FULL SWARM FOUND

Full-swarm Cycle 004 prioritizes public-record and docket skills against THE 1953 TRUST. The single highest-value closure is the official USVI probate identifier: **Superior Court of the Virgin Islands, Division of St. Thomas & St. John, Probate No. ST-2019-PB-00080** (In the Matter of the Estate of Jeffrey E. Epstein). A public Twenty-Fourth Quarterly Accounting (period 1 Jul 2025 – 30 Sep 2025) is available via the USVI courts public portal API path. This materially advances G-02. Marsh Law Firm opposition papers (ECF 430/431) supply substance for G-17: challenge to breadth of release (expressly naming the 1953 Trust), CSAM carve-out request, and notice adequacy after government disclosure of 1,000+ survivors / multi-million-page files. S.D. Fla. 9:26-cv-80078 (Doe v. Estate of Jeffrey Epstein) named THE 1953 TRUST and LAUREL INC as defendants (filed Jan 2026; terminated Feb 2026 after dismissal/replead path). Butterfly Trust public history deepened (2013 vehicle; 2020 \$13M transfer allegations denied; shared Indyke/Kahn/Shuliak beneficiary notes).

- **HOOK.** Residual picture unchanged (~\$107.6M mid-2026 book; CNN 21 Sep). 24th accounting shows 30 Sep 2025 snapshot cash ~\$45.33M + entities ~\$78.63M = ~\$127.40M total assets (earlier than 27th).

- **STAMP — G-02 PARTIAL CLOSE.** Probate No. **ST-2019-PB-00080**. Indyke sworn as co-executor on 24th accounting. Need 27th primary PDF still (G-02 remainder).

- **STAMP — G-17 PARTIAL.** ECF 430 (26 Aug 2026): Marsh opposition — release too broad (Estate, Co-Executors, **1953 Trust**, other trusts, entities, professionals); fails to account for 1,000+ survivors revealed 2025–26; CSAM claims carve-out demanded. ECF 431: declaration re class members learning late (e.g. 5 Jun 2026).

- **STAMP — parallel caption.** S.D. Fla. 9:26-cv-80078 (Judge Cannon): complaint vs Estate, LAUREL INC, THE 1953 TRUST; first amended complaint; order dismissing FAC with leave (23 Feb 2026); docket terminated 24 Feb 2026.

- **SPLIT — Butterfly.** Public NYT/WSJ/NewsNation: Butterfly Trust used for payments; Indyke/Kahn trustees; Shuliak beneficiary notes; post-death \$13M decant allegations (executors deny); not the same instrument as 1953 pour-over.

- **SPLIT — release language.** Settlement Agreement §1.6/1.27 defines Co-Executors as Indyke & Kahn individually, as co-executors, **as co-trustees of the 1953 Trust**, and all capacities; Released parties include The 1953 Trust.

- **WEFT / ACH.** H1: pour-over remains gated by Ward finality + claims. H2: Marsh opposition may force release rewrite or notice expansion (already partially true via Dec 2 hearing). H3: ST-2019-PB-00080 primary accountings will dominate residual valuation once held. H4: Butterfly is parallel historical node, not 1953 funding source after pour-over.

III. SPLIT — EXPANDED ENTITY / DOCKET GRAPH

Fiduciaries. Darren K. Indyke; Richard D. Kahn — co-executors ST-2019-PB-00080; co-trustees 1953 Trust; historical Butterfly trustees. **1953 Trust.** Pour-over 8 Aug 2019; rename from Jeffrey E. Epstein 2019 Trust; lapse on unsatisfied bequests. **LAUREL INC.** Named defendant with Estate and 1953 Trust in S.D. Fla. 9:26-cv-80078. **Priority legatees.** Shuliak / Indyke / Kahn + employee-associate layer (C002–C003). **Process.** JND notice; Lelchuk fund admin; Penny CAFA; Marsh Law Firm (Margaret Mabie outreach noted); Boies Schiller Flexner class counsel; Judge Arun Subramanian (SDNY); Judge Aileen M. Cannon (SDFL historical). **Entity shells (public lists).** Plan D; Great St. James; Nautilus; Hyperion Air; Poplar; Southern Trust Co.; Gratitude America; C.O.U.Q.; HBRK Associates; Coatue Enterprises (Kahn path); Birch Tree BR / Harlequin Dane / Darren K Indyke PLLC (Indyke path — historical USVI pleadings). **Valar Ventures.** Unrealized mark still G-04. **Payment vehicles.** EVCP; USVI settlement; Ward QSA.

VI. AUTONOMOUS NEXT STEPS

1. Download ST-2019-PB-00080 24th + any later accountings from USVI public portal (G-02/G-19).
2. Hold EFTA01266204 locally; MetadataSquad + full schedule extract (G-01).
3. Archive ECF 430/431 full PDFs; track responses through Dec 2 (G-15/G-17).
4. Corporate record pass on LAUREL INC (G-18) — PublicRecordLocator only.
5. Continue local deepsearch agency-hourly with SearXNG when stack up.
6. Never load rejected vault jailbreak packs into agent prompts.

VII. HIVEMIND / FINALBOSS VERDICT

Compliance rejected two Drive PDFs that would have violated the educational ceiling. MemoryVault retained D01–D07, D-LAW-01..16, 53-skill map, and C001–C003 gaps. GhostIndex + DocketStamp produced ST-2019-PB-00080 and expanded Marsh/Florida nodes. EntityGraphBuilder linked Butterfly (historical) vs 1953 (pour-over) without conflation. PatternRecognition: fiduciary pair continuity 2006/2013→2019; release language intentionally wraps the Trust. Anticipation: Dec 2 2026 hearing + post-campaign claim counts are the next hard gates; 27th accounting primary is the next value gate. FinalBoss: Mission open. G-02 partially closed. No Trust principal distribution observed. Swarm v3 is operational for subsequent hourly cycles.
