(Format emulation only. Not issued by the Department of Justice.)

PUBLIC-SOURCE CEILING. Educational / defensive OSINT. No unauthorized access. No private targeting.

FROM:	STRAND Permanent Agency Swarm (HOOK / STAMP / SPLIT / WEFT → HIVEMIND)
TO:	STRAND standing file — THE 1953 TRUST (Epstein pour-over, USVI, 8 Aug 2019)
DATE:	23 September 2026 (Cycle 025; ~17:45 PDT)
SUBJECT:	C025: ECF 444 social-media notice plan; NLLA audio export; late-day negative control
REF:	C001–C024; Ward ECF 444/445/446; 27th accounting; 1:26-cv-08047 ECF 12

I. EXECUTIVE ASSESSMENT

Cycle 025 upgrades the Ward notice track with public ECF 444 (17 Sep 2026 letter). Plaintiff proposes, with defense consent, a four-week Facebook and Instagram social-media campaign under Fund Administrator Simone Lelchuk / JND: Feed and Stories placements, desktop and mobile. Proposed clocks: opt-out 30 days after campaign start (limited to newly noticed members); claims and objections 60 days after campaign start; joint status report three days after the claims deadline. ECF 445 remains the Court’s order directing the notice letter. No public signed order adopting ECF 444’s exact clocks was located this cycle. Final approval hearing still calendared 2 December 2026 at 14:00 ET. No 28th USVI accounting. SDNY inquiry still uncharged; Ruzumna denial unchanged; DOJ non-comment unchanged. Same-day inquiry field continued (Just the News; NYPost Zilber).

Nominal 1953 Trust priority bequests (\$175M first-rank) still exceed last public gross snapshots. Priority gifts remain contingent on residue after claims, taxes, administration, and pending tracks. This cycle also initiates Natural Language Learning Architecture (NLLA) audio exports: pedagogical MP3 briefings designed for progressive comprehension of the open-source map.

II. AGENT LANES

HOOK. ECF 444 letter (17 Sep 2026) is the concrete notice plan responding to ECF 445. JND under Lelchuk; FB/IG four weeks; 30/60-day clocks proposed; defense consents. No ECF 447+ body for fee order or notice-approval order found. CourtListener metadata refresh does not equal new instrument. 08047 still ECF 12.

STAMP. No new accounting. Fee papers (ECF 425/428) still proposed 30% + \$841,894.60 QSA expenses. Island \$60M sale remains realized inflow; VIBIR answer still due 19 Oct 2026.

SPLIT. Nodes carried: Rhea (USVI AG prior-executor adjacency); Rodriguez trespass field; Lelchuk triple-hat. New press layer: Just the News (Ben Whedon); NYPost Ariel Zilber 23 Sep inquiry reprints.

WEFT. Pattern: notice expansion lengthens the path to final judgment; residue clock still runs to Dec 2026 hearing. Inquiry press velocity without charging instrument. NLLA audio layer added for collective learning.

VI. HIVEMIND NEXT STEPS

1. Poll for order on ECF 444 and any ECF 447+.
2. Track campaign start → 30/60 clocks if ordered.
3. USVI clerk for 28th accounting.
4. Export NLLA MP3s each cycle; upload to STRAND_1953_TRUST_INTEL.
5. Keep inquiry uncharged until public charging instrument.

VII. NLLA AUDIO EXPORT NOTE

This cycle ships two Natural Language Learning Architecture MP3s: (1) Executive Brief — scaffolded 2–3 minute orientation; (2) Full Cycle Report — progressive sections for listen-and-map study. Wording uses plain structure, defined terms first, then connections, then open questions. Educational only; not official DOJ audio.

VIII. SOURCE HYGIENE

CourtListener/RECAP ECF 444 letter PDF; ECF 445 order; prior Ward fee papers; Forbes/CNBC/NBC/Independent/Just the News/NYPost 23 Sep 2026 inquiry field; C001–C024 memos. Public sources only.

DISCLAIMER. Educational OSINT of the STRAND project. Not a DOJ, FBI, USVI, or court filing. Allegations remain allegations unless a public judgment or admission states otherwise. Indyke and Kahn deny wrongdoing. SDNY matter uncharged as of this cycle.
